

Eagle Eye

*Woodcarving, Porography art,
Painting and Epoxy art*

**BUY ACHETONS
VETERAN**

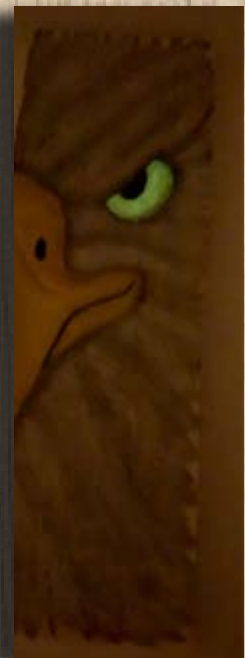

Eagle Eye is hand-made from white poplar wood with every feather carved and wood-burned in. The eye is painted with glow in the dark paint (phosphorescence paint)

With the return of the Bald Eagle into all of Canada this would be a fitting way to celebrate the majestic predator's return.

Specifications:

- Width: 7 inches or 17.8 cm*
- Length: 20 3/4 inches or 52.8 cm*
- Thickness: 7/8 inch or 2.3 cm*
 - Weight: 2.5 lb or 1kg*
 - Wood: White Poplar*
- Designed to hang on the wall*

Night view

The eagle eye glows green at night if it receives enough direct light during the day.
